## **Perceptions of RtI Skills Survey**

	D:	iect	Proi	PS/RtI	Your	1.
--	----	------	------	--------	------	----

Your PS/Rti Project ID:
Your PS/Rti Project ID was designed to assure
confidentiality while also providing a method to match an
individual's responses across instruments. In the space
provided (first row), please write in the last four digits of
your Social Security Number and the last two digits of the
year you were born. Then, shade in the corresponding
circles.

0	0	0	0	0	0
1	1	1	1	1	1
2	2	2	2	2	2
3	3	3	3	3	3

6	6	6	6	6	6
7	7	7	7	7	7
8	8	8	8	8	8
9	9	9	9	9	9

**Directions:** Please read each statement about a skill related to assessment, instruction, and/or intervention below, and then evaluate <u>YOUR</u> skill level within the context of working at a school/building level. Where indicated, rate your skill separately for academics (i.e., reading and math) and behavior. Please use the following response scale:

- ① = I do not have this skill at all (NS)
- ② = I have minimal skills in this area; need substantial support to use it (MnS)
- 3 = I have this skill, but still need some support to use it (SS)
- 4 = I can use this skill with little support (HS)
- (5) = I am highly skilled in this area and could teach others this skill (VHS)

Th	ne skill to:	NS	M nS	SS	HS	V HS
2.	Access the data necessary to determine the percent of students in core instruction who are achieving benchmarks (district grade-level standards) in:					
	a. Academics	1	2	3	4	5
	b. Behavior	1	2	3	4	5
3.	Use data to make decisions about individuals and groups of students for the:					
	a. Core academic curriculum	1	2	3	4	5
	b. Core/Building discipline plan	(1)	(2)	(3)	4	(5)

Th	ie sk	ill to:	NS	M nS	SS	HS	V HS
4.		form each of the following steps when identifying the problem for a student whom concerns have been raised:					
	a.	Define the referral concern in terms of a replacement behavior (i.e., what the student should be able to do) instead of a referral <i>problem</i> for:					
		• Academics	1	2	3	4	5
		• Behavior	1	2	3	4	5
	b.	Use data to define the current level of performance of the target student for:					
		• Academics	1	2	3	4	5
		• Behavior	1	2	3	4	5
	c.	Determine the desired level of performance (i.e., benchmark) for:					
		• Academics	1	2	3	4	5
		• Behavior	1	2	3	4	5
	d.	Determine the current level of peer performance for the same skill as the target student for:					
		• Academics	1	2	3	4	5
		• Behavior	1	2	3	4	5
	e.	Calculate the gap between student current performance and the benchmark (district grade level standard) for:					
		• Academics	1	2	3	4	5
		• Behavior	1	2	3	4	5
	f.	Use gap data to determine whether core instruction should be adjusted or whether supplemental instruction should be directed to the target student for:					
		• Academics	1	2	3	4	5
		• Behavior	1	2	3	4	5
5.		velop potential reasons (hypotheses) that a student or group of students is/are achieving desired levels of performance (i.e., benchmarks) for:					
	a.	Academics	1	2	3	4	5
	b.	Behavior	1	2	3	4	5
6.		entify the most appropriate type(s) of data to use for determining reasons epotheses) that are likely to be contributing to the problem for:					
	a.	Academics	1	2	3	4	5
	b.	Behavior	1	2	3	4	5

7. Identify the appropriate supplemental intervention available in my building for a student identified as at-risk for:  a. Academics b. Behavior  6. ② ③ ④  8. Access resources (e.g., internet sources, professional literature) to develop evidence-based interventions for:  a. Academic core curricula b. Behavioral core curricula c. Academic supplemental curricula d. Behavioral supplemental curricula e. Academic individualized intervention plans f. Behavioral individualized intervention plans f. Behavioral individualized intervention plans f. Behavioral individualized intervention sare integrated with core instruction in the general education classroom: a. Academics b. Behavior  10. Ensure that the proposed intervention plan is supported by the data that were collected for: a. Academics b. Behavior  11. Provide the support necessary to ensure that the intervention is implemented appropriately for: a. Academics b. Behavior  12. Determine if an intervention was implemented as it was intended for: a. Academics b. Behavior	Th	The skill to:		M nS	SS	HS	V HS
b. Behavior  Access resources (e.g., internet sources, professional literature) to develop evidence-based interventions for:  a. Academic core curricula  b. Behavioral core curricula  c. Academic supplemental curricula  d. Behavioral supplemental curricula  e. Academic individualized intervention plans  f. Behavioral individualized intervention plans  f. Behavioral individualized intervention plans  9. Ensure that any supplemental and/or intensive interventions are integrated with core instruction in the general education classroom:  a. Academics  b. Behavior  10. Ensure that the proposed intervention plan is supported by the data that were collected for:  a. Academics  b. Behavior  11. Provide the support necessary to ensure that the intervention is implemented appropriately for:  a. Academics  b. Behavior  11. Provide the support necessary to ensure that the intervention is implemented appropriately for:  a. Academics  b. Behavior  12. Determine if an intervention was implemented as it was intended for:  a. Academics  b. Behavior  13. Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,	7.						
8. Access resources (e.g., internet sources, professional literature) to develop evidence-based interventions for:  a. Academic core curricula  b. Behavioral core curricula  c. Academic supplemental curricula  d. Behavioral supplemental curricula  e. Academic individualized intervention plans  f. Behavioral individualized intervention plans  f. Behavioral individualized intervention plans  f. Behavioral individualized intervention plans  9. Ensure that any supplemental and/or intensive interventions are integrated with core instruction in the general education classroom:  a. Academics  b. Behavior  10. Ensure that the proposed intervention plan is supported by the data that were collected for:  a. Academics  b. Behavior  11. Provide the support necessary to ensure that the intervention is implemented appropriately for:  a. Academics  b. Behavior  12. Determine if an intervention was implemented as it was intended for:  a. Academics  b. Behavior  13. Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,		a. Academics	1	2	3	4	5

Provide the support necessary to ensure that the intervention is implemented as implemented as it was intended for:  a. Academics  10 ② ③ ④  11. Provide the support necessary to ensure that the intervention is implemented appropriately for:  a. Academics  10 ② ③ ④  11. Provide the support necessary to ensure that the intervention is implemented appropriately for:  a. Academics  10 ② ③ ④  11. Provide the support necessary to ensure that the intervention is implemented appropriately for:  a. Academics  10 ② ③ ④  40 ③  40 ③  41 ③  42 ③ ④  43 ④  44 ⑥  45 ⑥  46 ⑥  46 ⑥  47 ⑥  47 ⑥  48 ⑥  49 ⑥  40 ⑥	10.						
11. Provide the support necessary to ensure that the intervention is implemented appropriately for:  a. Academics  b. Behavior  1. Determine if an intervention was implemented as it was intended for:  a. Academics  b. Behavior  1. 2 3 4  1. Determine if an intervention was implemented as it was intended for:  a. Academics  1. 2 3 4  1. 3 Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,		a. Academics	1	2	3	4	5
appropriately for:  a. Academics  b. Behavior  1. Determine if an intervention was implemented as it was intended for:  a. Academics  b. Behavior  1. 2 3 4  1. 2 3 4  1. 3 Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,		b. Behavior	1	2	3	4	5
b. Behavior ① ② ③ ④  12. Determine if an intervention was implemented as it was intended for:  a. Academics ① ② ③ ④  b. Behavior ① ② ③ ④  13. Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,	11.	** *** *** *** *** *** *** *** *** ***					
12. Determine if an intervention was implemented as it was intended for:  a. Academics  b. Behavior  13. Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,		a. Academics	1	2	3	4	5
a. Academics  b. Behavior  1 2 3 4  1 2 3 4  1 2 3 4  1 2 3 4		b. Behavior	1	2	3	4	5
b. Behavior ① ② ③ ④  13. Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,	12.	Determine if an intervention was implemented as it was intended for:					
13. Select appropriate data (e.g., Curriculum-Based Measurement, DIBELS, FCAT,		a. Academics	1	2	3	4	(5)
		b. Behavior	1	2	3	4	(5)
during interventions:	13.	behavioral observations) to use for progress monitoring of student performance					
a. Academics ① ② ③ ④		a. Academics	1	2	3	4	5
b. Behavior (1) (2) (3) (4)		b. Behavior	1	2	3	4	5

The skill to:	NS	M nS	SS	HS	V HS
14. Construct graphs for large group, small group, and individual students:					
a. Graph target student data	1	2	3	4	5
b. Graph benchmark data	1	2	3	4	5
c. Graph peer data	1	2	3	4	5
d. Draw an aimline	1	2	3	4	5
e. Draw a trendline	1	2	3	4	5
15. Interpret graphed progress monitoring data to make decisions about the degree to which a student is responding to intervention (e.g., positive, questionable or poor response).	1	2	3	4	5
16. Make modifications to intervention plans based on student response to intervention.	1	2	3	4	5
17. Use appropriate data to differentiate between students who have not learned skills (e.g., did not have adequate exposure to effective instruction, not ready, got too far behind) from those who have barriers to learning due to a disability.	1	2	3	4	5
18. Collect the following types of data:					
a. Curriculum-Based Measurement	1	2	3	4	5
b. DIBELS	1	2	3	4	5
c. Access data from appropriate district- or school-wide assessments	1	2	3	4	5
d. Standard behavioral observations	1	2	3	4	5
19. Disaggregate data by race, gender, free/reduced lunch, language proficiency, and disability status	1	2	3	4	5
20. Use technology in the following ways:					
a. Access the internet to locate sources of academic and behavioral evidence-based interventions.	1	2	3	4	5
b. Use electronic data collection tools (e.g., PDAs)	1	2	3	4	5
c. Use the Progress Monitoring and Reporting Network (PMRN)	1	2	3	4	5
<ul> <li>d. Use the School-Wide Information System (SWIS) for Positive Behavior Support</li> </ul>	1	2	3	4	5
e. Graph and display student and school data	1	2	3	4	5
21. Facilitate a Problem Solving Team (Student Support Team, Intervention Assistance Team, School-Based Intervention Team, Child Study Team) meeting.	1	2	3	4	5
